**Agenda for Dry Run of Timing System Preliminary Design Review:**

<b>Time</b>	<b>Activity</b>	<b>Presenter</b>
8:30	Introduction and charge to the committee (show the “big picture drawing” to explain division of labor)	Gurd
8:45	Chopper timing	Abernathy
9:15	60 Hz filter, 600 Hz provision	Nelson or designate
9:45	Break	
10:00	Event system and time stamping	Oerter / Smith
11:00	Cost & Schedule	Oerter
11:30	Discussion	
12:00	Lunch (Discussion can continue if needed)	
12:45	Adjourn	

Some attendees may want to have some follow-on discussions in the afternoon. Presenters may need to re-work some of their slides for the Preliminary Design Review the next day.
