

Neutron Scattering Applications in Structural Biology
 May 23 – May 27, 2010
 - Tentative Program -

Monday, May 23 Symposium	
9:00am-5:00pm	Symposium includes seminars by internal and external invited speakers
5:00-6:15	Poster session
6:15-7:15	Poster session / Dinner

Tuesday, May 24: Deuteration, crystallography / Facility Tours	
8:30-9:30	Deuteration
9:30-10:30	Small Angle Neutron Scattering I
10:30-11:00	Coffee break
11:00-12:00	Small Angle Neutron Scattering II
12:00-1:00	Lunch at SNS cafeteria
1:00-3:30	HFIR visit (1/2 group) – SNS visit (1/2 group)
3:30-4:00	Break
4:00-5:00	Participants' project discussion

Wednesday, May 25: Crystallography; SANS; Facility Tours	
8:30-9:30	Crystallography I
9:30-10:30	Crystallography II
10:30-11:00	Coffee Break
11:00-12:00	Small Angle Neutron Scattering III
12:00-1:00	Lunch
1:00-3:30	HFIR visit (1/2 group) – SNS visit (1/2 group)
3:30-4:00	Break
4:00-6:00	Tutorial: SANS

Thursday, May 26: Crystallography; Reflectometry	
8:30-9:30	Crystallography III
9:30-10:30	Neutron Reflectivity
10:30-11:00	Coffee Break
11:00-12:00	Neutron Reflectivity
12:00-1:00	Lunch
1:00-2:00	Tutorial : Crystallography
2:00-3:00	Tutorial : Crystallography
3:00-3:30	Coffee Break
3:30-4:30	Beamtime proposal, submission and allocation process
4:30-5:30	Participants' project discussion

Friday, May 27: Reflectometry; Dynamics; Imaging	
8:30-9:30	Dynamics I
9:30-10:30	Dynamics II
10:30-11:00	Coffee Break
11:00-12:30	Imaging
12:30-1:30	Lunch
1:30-2:30	Tutorial: Reflectometry
2:30-3:30	Tutorial: Reflectometry
3:30-4:30	Closing & Certificate reception
