

**Section C  
PRICING SCHEDULE  
RFP NO. F5-2681-02-RFP02-1044  
Target Building General Construction**

**WORK TO BE PERFORMED**

The Subcontractor shall provide all supervision, material, equipment, and transportation necessary to perform work in accordance with the Summary of Work (Section E), Specifications and Drawings (Section G), and all other terms and conditions of the subcontract. Offerors shall refer to "Special Notes", pertinent to pricing and completion of this form. The scope of work involves coordination of work under separate directed CM subcontracts, CM directed procurement of specific materials and equipment and CM furnished Equipment (CM-FE) to be provided by the CM.

Offeror shall provide under its proposed price to execute and complete all work and related activities in an effective manner to meet all Milestone Completion Schedule requirements within **764** calendar days after Notice To Proceed. The CM shall issue the Notice To Proceed within 14 calendar days after anticipated subcontract award. The CM's scheduled completion Date is August 08, 2004.

Offeror must complete all entries on the pricing schedule as requested to be considered for evaluation and award.

Offeror agrees that the proposed rates as awarded under CLIN 001, 005, 006 and 007 shall also apply to all extra work/change orders issued under this subcontract, except those markup rates provided for CLIN 008 shall apply as specified in Special Note No. 8.

**CLIN 001 - Target Building General Construction Project. Conventional Facilities (CF) Building, Equipment, Instrumentation and Materials. Pricing is exclusive of any other pricing provided in CLINs 002 thru 008.**

**Special Notes**

1. Offeror shall apply all work inclusive of all labor, materials, equipment required for mobilization.
2. Do not include pricing for CMFE, CM Directed Procurements materials, equipment and labor provided in other line items (CLINS 001-008).
3. Refers to CM Directed Procurements in which the subcontractor is required to obtain pricing and material as defined in the Summary of Work. Offerors shall provide a maximum Handling Charge percentage of 0 to 4% and extend price as shown. Offerors shall use the applicable pricing as provided as referenced in Section C. Failure to present the total material charge (Material Cost plus the Markup) as indicated herein shall be cause for the offer to be rejected and not considered for award.
4. The total subcontract price shall be based on the sum of CLIN 001 thru CLIN 007. The Offeror is advised that should there be an error in the extension of prices the CM will re-evaluate the extension using the percentage rate indicated on the schedule. The percentage rate established herein shall be firm fixed and shall remain in effect for the duration of the subcontract inclusive of any extension thereof.

**PRICING SCHEDULE**  
**RFP NO. F5-2681-02-RFP02-1044**  
**Target Building General Construction**

5. Offeror shall insert the total cost of insurance that would be incurred by the offeror and lower-tier subcontractors in support of the SNS project had the CMCIP not been provided. This line item shall not be evaluated as part of the award total price and therefore not subject to overhead and profit.
6. Refers to CM Directed Subcontractors in which the subcontractor is required to coordinate services for installation of subcontract specification requirements. Prices entered herein shall be exclusive for the applicable subcontract and not be presented in other CLINs on the schedule. Failure to present the fee as indicated herein shall be cause for the offer to be rejected and not considered for award.
7. The estimated amount provided is an estimate only. The CM is not obligated to issue any or all of the total estimated amount provided.
8. For evaluation purposes only, CLIN 008 will be evaluated to determine the subcontract estimated value and will not be included in the total subcontract award price. Only the markup rates will be included in the subcontract and shall remain in effect throughout the subcontract period of performance for additional undefined Target System Installation work.

The Offeror is advised that there are six (6) undefinitized equipment installation packages associated with the undefinitized work under CLIN 008. These installation packages are titled as follows:

- Package 2           Monolith Part 2
- Package 3           Target Hotcell
- Package 4           Remote Handling Hotcell
- Package 5B          Hydrogen Module Set In
- Package 7           Target Instrumentation & Controls
- Package 8           Target Protection Systems

The Offeror is advised that the CM is not obligated to award any of the above equipment installation packages as part of the base subcontract award or during the subcontract period of performance.

**(End of Schedule)**
