

CM Supply Subcontract

PIPING COMMODITIES

The subcontractor is directed to purchase all piping commodities as described in the following technical specifications for its work on this project from the supplier as described elsewhere in the solicitation:

- 1) 02553 – Natural gas pipe coating
- 2) 02640 – Valves, Hydrants and Blow - offs
- 3) 02667 – Water Lines
- 4) 02810 – Natural gas steel pipe and fittings
- 5) 02811 – Natural gas shut-off valve
- 6) 02830 – Natural gas flow meter
- 7) 02820 – Polyethylene Valves, Pipe and Fittings
- 8) 15050 – Piping Systems (Non-Engineered Pipe Hangers)
- 9) 15100 – Valves
- 10) 15103 – Sanitary Water Hot (SWH) and Cold (SWC)
- 11) 15106 – Chilled Water, Condenser Water, Cooling Tower Water, Heating Hot Water Condensate and Process Water Piping, including Hydronic Specialties. A unit price purchase agreement by the CM and a piping supplier does not cover commodities as described in paragraphs 2.1.B and 2.1.C of specification 15106. The subcontractor is responsible for identifying its own supplier and establishing its own pricing for these commodities.
- 12) 15108 – Natural Gas Piping
- 13) 15109 - Sanitary Sewer and Storm Drains within Buildings
- 14) 15110 – Process Waste Drains Outside Buildings
- 15) 15111 – Acid Neutralization and Process Waste Drain Piping Systems
- 16) 15112 – Compressed Air Piping (plant Air) Systems
- 17) 15146 – Stainless Steel Piping Systems (Non-Certified Materials)
- 18) 15221 – Process Waste Drain and Acid Waste Drain Systems
- 19) 15104 – Technical Equipment Cooling Water Piping, Equipment and Accessories
