

## Ductile Iron Bender Heads

- Ductile iron construction for added durability
- Heat-treated for extra strength – reinforced at stress points for longer life
- Precision-located degree scale, star, arrow and rim notch for perfect bends every time
- Markings are raised and cast into bender body on both sides for easy visibility
- Deeply serrated step helps prevent slippage when applying maximum leverage
- Grooved internal hook surface helps prevent conduit from slipping
- Flat hook surface provides stable starting point
- Lifetime replacement guarantee

## Handles for Benders and Hickeys

- Rugged, steel construction for long-term durability
- Baked-on blue enamel finish resists corrosion and enhances visibility
- Convenient bending guide for offset bends
