

Installer Bits

- Hole in fluted head for pulling wires through walls, ceiling and floors
- Flutes designed for quick chip removal – no clogging or binding
- Premium quality, extra-hard 52-100 carbon bearing steel

Description	Length (Inches)	Cat. No.
Installer Bit – 1/4 in.	18	35-870
Installer Bit – 3/8 in.	18	35-871
Installer Bit – 1/2 in.	18	35-872

Step Drills

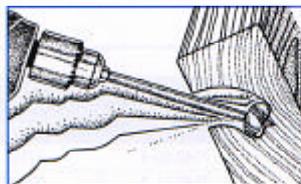

- Self-starting point eliminates starter holes or punches, even on curved surfaces (except 35-514 and 35-517)
- Double-fluted design for balanced cuts and cooler operation
- 1 in. long shanks
- Unique titanium coating stands up to wood, plastic and metal – extends drill life six times longer than other step drills

Drill Diameter Sizes (Inches)	No. of Hole Sizes	Size Increments (Inches)	Step Thickness (Inches)	Shank Dia. (Inches)	Cat. No.
1/8 to 1/2	13	1/32	1/8	1/4	35-511
1/4 to 3/4	9	1/16	1/8	3/8	35-512
1/4 to 7/8	11	1/16	1/16	3/8	35-513
1/2 to 1	8	1/16	1/8	3/8	35-514
1/4 to 1-1/8	16	1/16	1/16	3/8	35-515
3/16 to 1/2	6	1/16	3/8	1/4	35-516
13/16 to 1-3/8	10	1/32	1/8	3/8	35-517

Wood Boring Bits

- Drills curved holes even in tight corners, eliminating sharp inside angles that hang wires
- Precision sharpened tip for fast and smooth boring
- Hex shank eliminates slippage
- Spur point centering
- Resharpenable

Description	RPM in Soft Wood	RPM in Hard Wood	Cat. No.
7/8 in. Wood Boring Bit	650-1000	600-850	90-193
1-1/8 in. Wood Boring Bit	650-1000	600-850	90-196

Nailbiter™ Ship Auger Bits

- Bites through nails, wood and other materials with an average 30% longer life on treated wood
- Full-length, heat-treat and temper provide excellent cutting-area hardness and longer shank durability
- Precision designed and cut screw point to resist point breakage

Power Ship Augers Bit Length 17 in. – 12 in. Twist Description	Shank Diameter (Inches)	Cat. No.
Power Ship Auger – 1/2 in.	5/16	35-820
Power Ship Auger – 5/8 in.	7/16	35-821
Power Ship Auger – 11/16 in.	7/16	35-822
Power Ship Auger – 3/4 in.	7/16	35-823
Power Ship Auger – 13/16 in.	7/16	35-824
Power Ship Auger – 7/8 in.	7/16	35-825
Power Ship Auger – 15/16 in.	7/16	35-826
Power Ship Auger – 1 in.	7/16	35-827
Power Ship Auger – 1-1/8 in.	7/16	35-828
Power Ship Auger – 1-1/4 in.	7/16	35-829

Short Ship Augers Bit Length 7-1/2 in. – 5 in. Twist Description	Shank Diameter (Inches)	Cat. No.
Short Ship Auger – 5/8 in.	5/16	35-810
Short Ship Auger – 11/16 in.	5/16	35-811
Short Ship Auger – 3/4 in.	5/16	35-812
Short Ship Auger – 13/16 in.	5/16	35-813
Short Ship Auger – 7/8 in.	5/16	35-814
Short Ship Auger – 1 in.	5/16	35-815
Short Ship Auger – 1-1/8 in.	7/16	35-816
Short Ship Auger – 1-1/4 in.	7/16	35-817

Auger Bit Extensions

Auger Bit Extensions, 18 in. Six flats to fit drill chuck – Allen wrench included Description	Cat. No.
Auger Bit Extension – 5/16 in.	35-818
Auger Bit Extension – 7/16 in.	35-819
