

Wrap Up Session

Ron Cooper
SNS Detector Team Leader

May 29-30, 2003

White Paper

- Please see: http://www.sns.gov/documentation/Neutron_Detector_White_Paper_March_03.pdf

Contact for questions: Cooperrg@sns.gov

Maintain science focus of R&D to support Neutron scattering community

Coordinate efforts to take advantage of limited resources

- Tremendous strides made in two days
- More work needed to establish proposals
- September deadline for NSF proposals
- SBIR next year
- DOE
- Follow up next week to maintain momentum
 - Best approach?
 - Direct communication between collaborators
 - Use e-mail list we generated here

Proposals

- Relevance to the roadmap science case is important
- Collaborative proposals emphasize cooperation and coordination
- Set up web page
- Communication channels to SNS are open to resolve issues

Dates

- ND2003

Neutron Detector Workshop

October 31-November 1, 2003

KEK, Tsukuba, Japan

Contact: Dr. Sakai

msakai@mslnk0.kek.jp
